

CYCLE HUEZ SIZE CHART

Due to the stretchy nature of cycling jerseys and the personal preferences of the wearer, the following can only be a rough guide. Please note the following differences between our models and if you have any questions just drop us a line at info@cyclehuez.com.

- Retro Race and Galibier jerseys are slightly tighter and shorter than our other kits. If you are wavering between sizes or don't like your jersey too tight, go with 1 size up.
- The Celeste, Marmotte, 21 and Stripe jerseys are slightly 'more forgiving' than the Retro Race and Galibier with a longer body and sleeve.
- The Retro White and Vainqueur are a 'club fit', much looser around the waist and chest, designed to be a more casual fit. If you want a tighter fit, take a size down.
